NEHA JOY

Frontend Developer - React.js, JavaScript
Phone: 056 258 8256 | Email: nehajoy002@gmail.com
Location: Al Nabba, Sharjah, UAE

PROFESSIONAL SUMMARY

Frontend Developer and React Developer with hands-on experience in Web Developer projects, building responsive, user-focused applications using React.js, JavaScript, HTML5, CSS3, Bootstrap, Tailwind CSS, Redux, and REST API integration. Experienced in reusable UI components, student-management CRM portals, healthcare applications, and ERP solutions. Seeking a Frontend Developer role to contribute strong React.js and UI development skills while growing in modern frontend technologies.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap, Tailwind CSS, Redux
Backend: Python, Django, Django REST Framework, REST APIs
Databases: MongoDB, MySQL, SQL
Tools: Git, GitHub, VS Code, MS Office

PROFESSIONAL EXPERIENCE

Billing Assistant | MCC Group of Companies, Sharjah, UAE | *July 2025 - Present*
- Create, prepare, and submit customer invoices while maintaining accurate billing records.
- Prepare and process labour salary and supplier payment/salary-related records and supporting documentation.
- Coordinate billing and payment information with internal teams and suppliers to support accurate business operations.

Python Full Stack Tutor | Techolas Technologies | *March 2025 - June 2025*
- Delivered training in Python full stack development, including Django, React.js, SQL, HTML, CSS, and JavaScript.
- Mentored students through practical projects, debugging, and application-development exercises.

Frontend Developer | Doctosmart Enterprises Pvt. Ltd. | *February 2024 - February 2025*
- Developed responsive healthcare and enterprise web interfaces using React.js and JavaScript.
- Built reusable React components, integrated REST APIs, and collaborated on application testing and deployment.
- Worked with Django-based backend services and optimized interfaces for usability and performance.

PROJECTS

Student Management CRM - Techolas Technologies | React.js, JavaScript, MongoDB
- Developed a CRM for educational institutions with Student, Attendance, and HR portals to centralize student records, attendance tracking, and HR management.
- Designed reusable frontend components and workflows to help institutions manage student and employee information efficiently.

IVF Management System | React.js, Django, MySQL, REST APIs
- Developed modules for Doctor, HR, Pharmacy, Finance, Inventory, and Patient Management.

Clinic Management System
- Built patient-management, appointment-scheduling, dashboard, and secure data-management features.

FREELANCE PROJECTS - UAE

- Construction Company ERP: Developed business-management functionality to support construction-company operations and data management.
- Car Garage ERP: Developed garage-management features covering billing, invoicing, customers, vehicles, services, finance, and payments.
- Car Garage Website & Manpower Company Website: Built responsive business websites with modern UI and contact-focused layouts.
